

Let's Keep the Dream Alive...

The full implementation of Riata Ranch International's Horses & More program will be a combination of cash gifts, gifts in kind and pledges. Businesses, corporations, foundations and individuals should weigh their support based on their personal commitment to the preservation of our American Western Heritage, the American family and young people who have a need to excel through the motivation of horses.

Please also consider the impact that the Riata program can have on a child not only for their immediate desire to learn about horses and interact with peers their own age, but the long term positive life values that can be applied to any given field of endeavor as an adult.

Riata Ranch International Inc. is recognized by the Internal Revenue Service as a 501 (c) (3) nonprofit organization #43-1982710. All contributions are tax deductible.

Our heartfelt thanks in advance for your careful consideration and generous donation to Riata Ranch International.

Please Help us Continue the Legacy...

For over 49 years, Riata Ranch has utilized the natural affinity of young people for the horse as the vehicle through which to teach a multitude of life lessons designed to give each student a higher sense of purpose. At the same time the ever increasing skills in horsemanship, showmanship, and leadership are learned. Each time the result is the same. The students become more self-confident, industrious, and reliable in all aspects of their life by overcoming life's everyday challenges.

Mission Statement

Riata Ranch enhances the lives of young people through equestrian educational programs and performances. These programs utilize traditional American Western Values of hard work, character development, responsibility, respect and pride to achieve the highest level of collaboration between horse and rider.

THE RIATA RANCH EXPERIENCE

Our vision is to prepare young people for the world's challenges in a manner that ensures their success and contributes to the happiness of everyone who are fortunate enough to meet them. The training will benefit the whole person body and soul, though a balance of intellectual, physical, artistic and moral lessons. The ranch's enduring principles will become so internalized that each rider will forever measure his or her choices against the Riata Ranch philosophy.

"You learn nothing useless here at Riata Ranch. You learn about yourself, how to step outside of the box, and overcome life's challenges through teamwork."

-Brandi Phillips 15 years old, 3 year

"At Riata Ranch, you are encouraged to be yourself and when you are yourself you are accepted."

- Dominique Mercado, 14 years old, 7 year member, Team Leader
